- Beatrice André new participant for SNCF Fret

New participant in the Management Board

- Claire Hamoniau is the new sit-in person for SNCF Réseau

What's new on the corridor?

New extension foreseen Ambérieu - Geneva

- Following the demand of FR MoT, the ExBo has consulted the MB and asked to launch a consultation of the Railway undertakings Advisory Group.
- The consultation of the RUs have been launched by mail on 7 July, with deadline for answer on 2 September, extended to 5 September after having sent a reminder to the target in August.
- 3 RUs answered the consultation:
 - 1 expressed a potential of 2 trains on short-term, 5 trains mid-term a week
 - 1 could not express its potential, estimating that the extension Ambérieu - Geneva would only make sense if the capacity on the section Brig - Domodossola - Novara is strengthened.
 - 1 answered but estimated that the extension would not bring additional volume.
- So far, we consider the extension would bring a potential of 2 to 5 additional trains a week
- During the Executive Board held on 6 October 2016 the letter of intention for the extension was approved, and is to be sent to the European Commission for submission to the SERAC committee

What's new on the corridor?

New services for our customers

- The Gotthard tunnel has been inaugurated, bringing on the long term more capacity for the PaPs connected to Italy via RFC Rhine-Alpine
- The RUs will be able to order capacity for Eurotunnel via PCS at the end of 2016
- The Customer Information Platform is now fully operational and online

What's new on the corridor?

New workplan drafted by the CNC NSM

- The North Sea – Med Core Network Coordinator has proposed a new draft version of the the workplan for the corridor. This version can be commented by all stakeholders until end 2016
