easier, faster, safer

1. ETCS in France

- **FR : are equipped in level 1, version 2.3.0d :**
 - **pilot site** between Bettembourg and Thionville shall be certified by mid 2016,
 - **pilot site** between BE/LU border and Longuyon shall be certified by june 2016
 - Deployment project on Longuyon-Basel is started;
 - **A document describing the exported constraints was written by *SNCF Réseau* and is available to help for NSA homologations.**
 - **Certification is mandatory for all RU's with ETCS equipped locomotives as ETCS will override national systems for locomotives equipped with KVB and ETCS.**
