    2.5 SWITZERLAND ..... 11

## Introduction

In Regulation 913/2010, terminals are broadly defined. They can be the Infrastructure Managers' marshalling yards and sidings which are necessary for rail system operations such as train formation operations. They can also be many other entry points of the various transportation systems in the commercial zone of influence of the corridor:

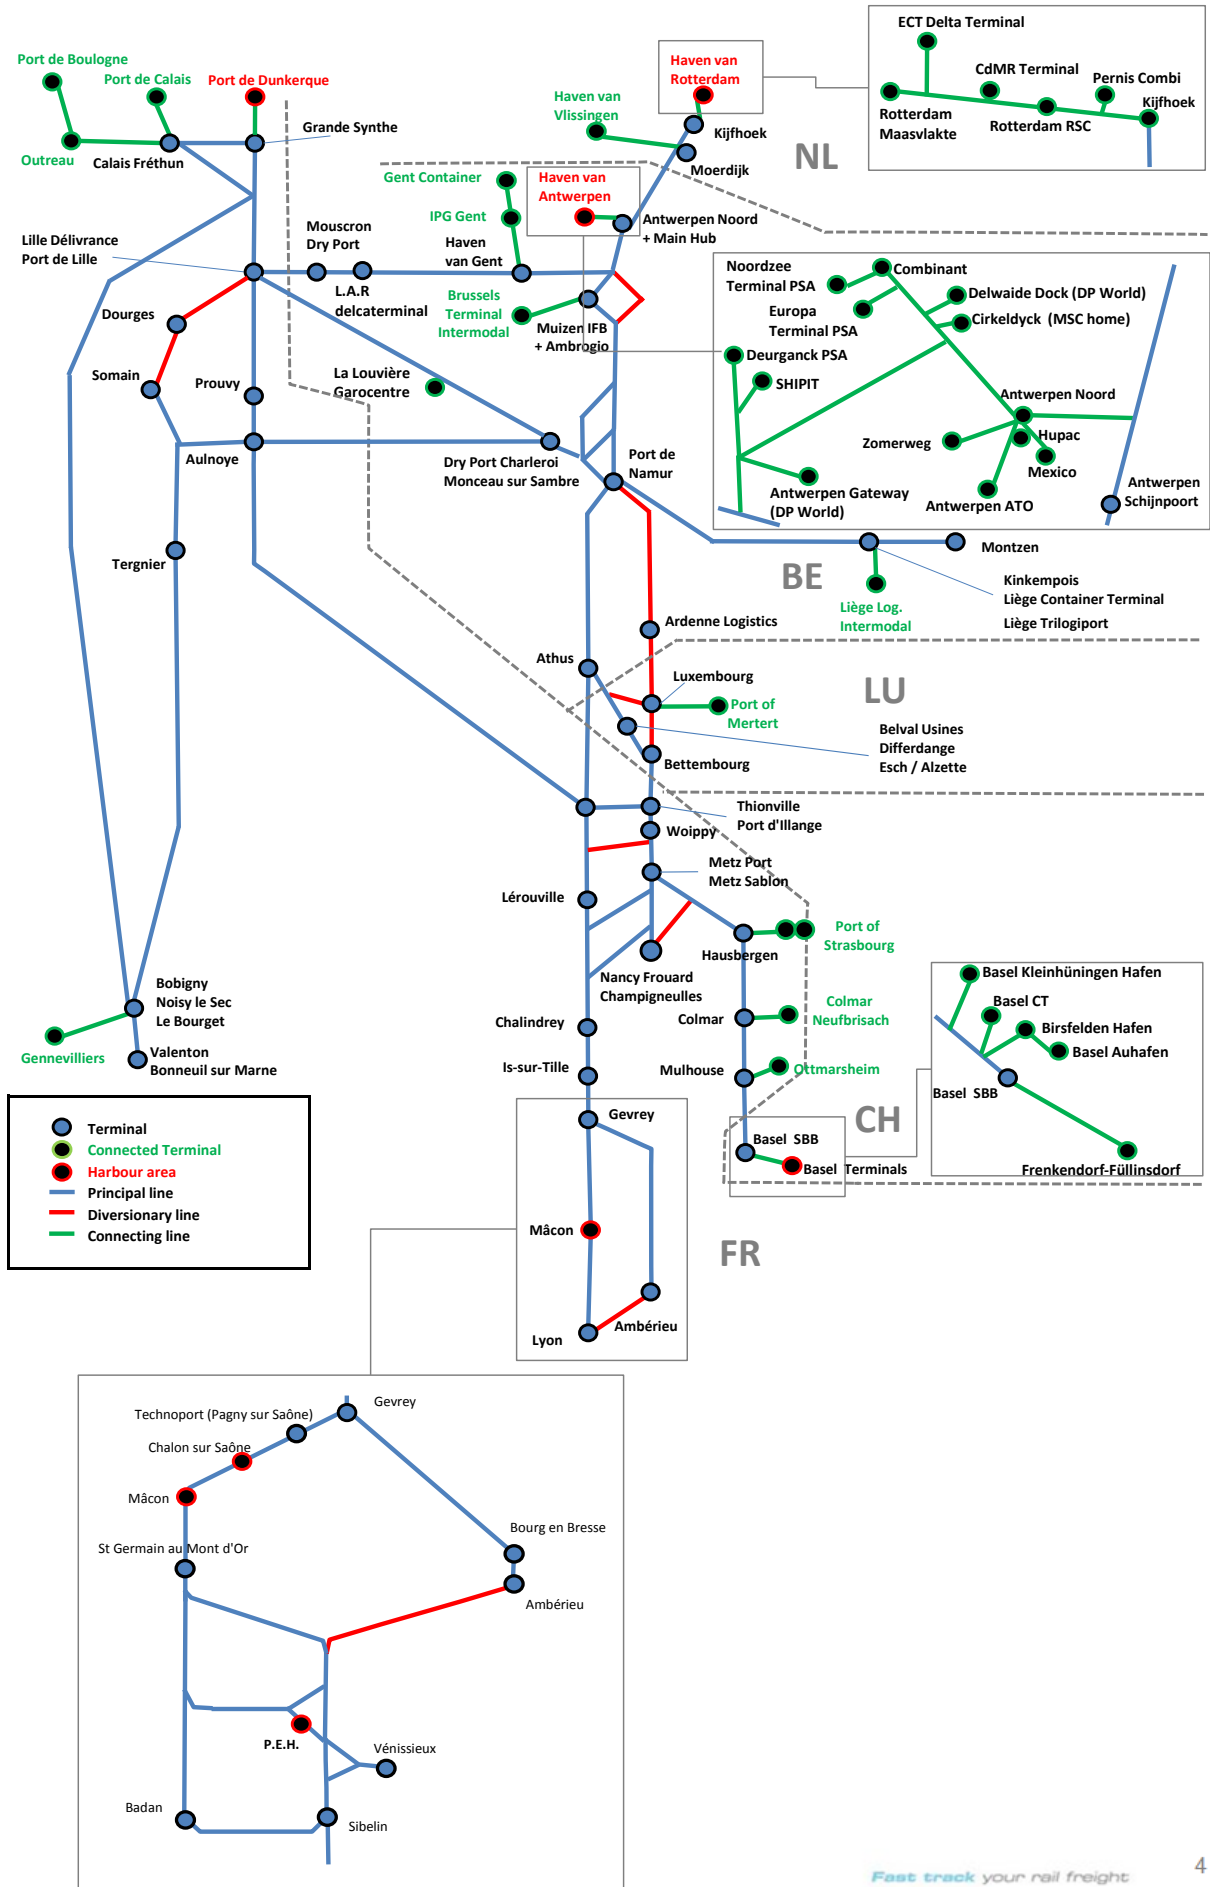

- combined transport terminals;
- river ports;
- multimodal platforms;
- maritime ports;
- private rail freight terminals.

Together with RFC Rhine-Alpine, the corridor has drawn up several templates to display the terminal information, one for every type of terminal listed above. These templates have been agreed upon by the TAGs of the two corridors, and sent to all corridor designated terminals, with the proposal to publish the filled out templates on their respective terminal website. In this Book III, all the links to these documents are listed per country.

The Corridor organisation, supported by all ministries represented in the RFC North Sea-Mediterranean Executive Board, and the Infrastructure Managers and Allocation Bodies of the RFC North Sea-Mediterranean Management Board, has repeatedly encouraged the Corridor terminals to fill in these templates and put them on their websites, however only part of the terminals supplied us with the concerned links. RFC North Sea-Mediterranean will continue its work to gather this information in the future. Where templates are missing, links to the websites of the terminals have been provided (where available).

# 1. Terminal overview

The interactive map below shows the location of the Corridor terminals in a schematic way. Click on the terminal dots to go to the relevant terminal information (online) - where available.

## 2. Terminal Details

### 2.1 The Netherlands

Terminal	Town	WWW
Pernis Combi Terminal	Rotterdam	<a href="#">link</a>
CdMR Terminal	Rotterdam	<a href="#">link</a>
Rotterdam Maasvlakte	Rotterdam	<a href="#">link</a>
ECT Delta Terminal	Rotterdam	<a href="#">link</a>
Rotterdam RSC	Rotterdam	<a href="#">link</a>
Moerdijk	Rotterdam	<a href="#">link</a>
Kijfhoek	Rotterdam	link
Port of Vlissingen / Sloehaven	Vlissingen	<a href="#">link</a>

## 2.2 Belgium

Terminal	Town	WWW
Antwerpen Cirkeldyck (MSC home terminal)	Antwerp	<a href="#">link</a>
Antwerpen Zomerweg	Antwerp	<a href="#">link</a>
Antwerpen Gateway DP world terminal	Antwerp	<a href="#">link</a>
Hupac Terminal Antwerpen	Antwerp	<a href="#">link</a>
Combinant	Antwerp	<a href="#">link</a>
Antwerpen ATO	Antwerp	<a href="#">link</a>
Noordzee Terminal PSA	Antwerp	<a href="#">link</a>
Europa Terminal PSA	Antwerp	<a href="#">link</a>
SHIPIT multimodal platform 1616 (under construction)	Antwerp	<a href="#">link</a>
Mexico Natie N.V	Antwerp	<a href="#">link</a>
Deurganck PSA	Antwerp	<a href="#">link</a>
Delwaide Dock Terminal (DP World)	Antwerp	<a href="#">link</a>
