Next steps

- Principles of WG organisation; we want to
 - start WG meetings after 10/11/2013
 - organise several WG meetings during the same day when WG members are more or less the same
 - Give priority to the most urgent/mature issues
- RFC2 proposes to set up WG meetings for Coordination of works and Loading gauge on the same day
- This day will be selected on the basis of a doodle consultation; will be between November 20 and November 28
- We expect to set up the meetings of the two other WG on the same day in January 2014
