## PaPs catalogue TT2024 the figures

Volume of offered capacity PaPs in millions of Trains/Km

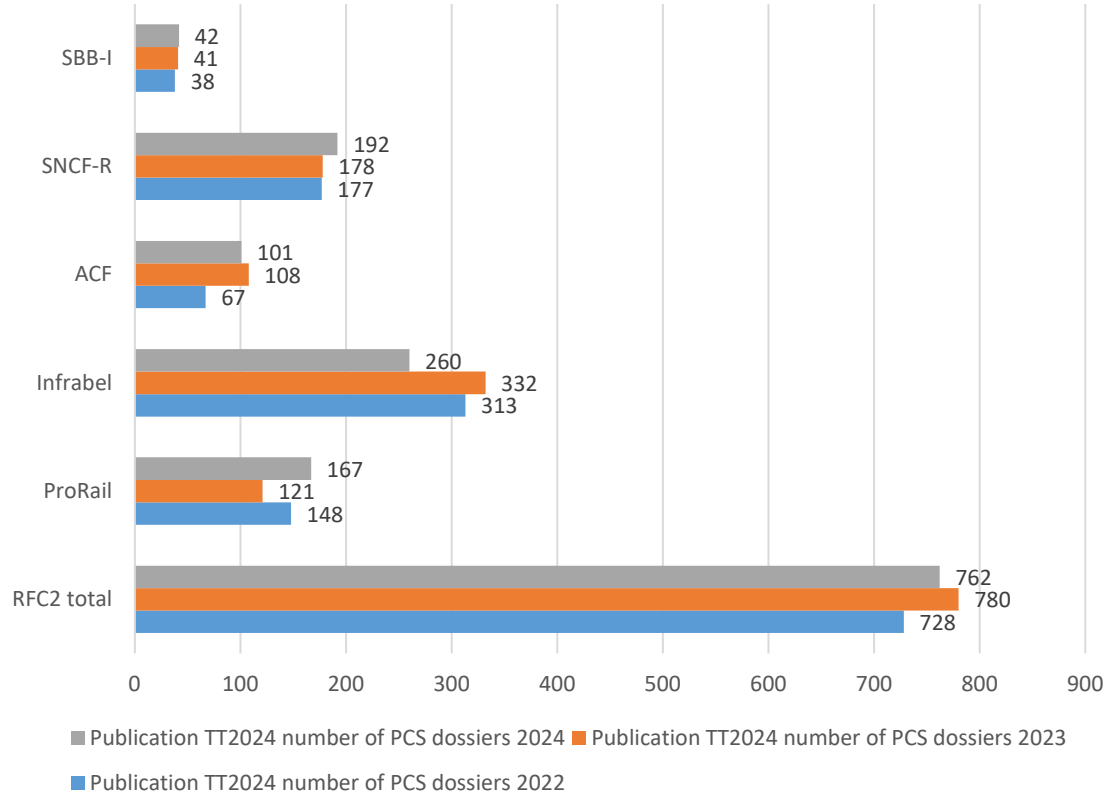

The overall volume **of published PaPs is rather stable**. We observe a limited decrease in the published KMs due to exclusion days on some Infrabel capacities:

- Some capacities to Quévy-Frontière – Feignies not available from 05/02/2024 to 14/04/2024 due to TCRs on L.96
- Some capacities on the Athus-Meuse direction N-S not available between 01/04/2024 & 09/06/2024

Limited decreases in volume also to noted on SNCF-R & ACF. Details on page 5.
