## Introduction

In Regulation (EU) 913/2010, terminals are broadly defined. They can be the Infrastructure Managers' marshalling yards and sidings which are necessary for rail system operations such as train formation operations. They can also be many other entry points of the various transportation systems in the commercial zone of influence of the corridor:

- combined transport terminals;
- river ports;
- multimodal platforms;
- maritime ports;
- private rail freight terminals.

Together with RFC Rhine-Alpine, the corridor has drawn up several templates to display the terminal information, one for every type of terminal listed above. These templates have been agreed upon by the TAGs of the two corridors, and are available to all designated terminals, which are requested to publish the filled out templates on their respective terminal website. In this Book 3, all the links to these documents are listed per country.

The Corridor organisation, supported by all ministries represented in the RFC North Sea-Mediterranean Executive Board, and the Infrastructure Managers and Allocation Bodies of the RFC North Sea-Mediterranean Management Board, have repeatedly encouraged the Corridor terminals to fill in these templates and put them on their websites, however only part of the terminals supplied us with the concerned links. RFC North Sea-Mediterranean will continue its work to gather this information in the future. Where templates are missing, links to the websites of the terminals have been provided (where available).

## 1. Terminal overview

RFC North Sea-Mediterranean provided more detailed information in our customer information platform (CIP), available via the corridor [website](#). A schematic map is also provided in the Implementation Plan (Book 5 chapter 2.3)

## 2. Terminal Details

### 2.1 The Netherlands

Terminal	Town	WWW
Pernis Combi Terminal	Rotterdam	<a href="#">link</a>
CdMR Terminal	Rotterdam	<a href="#">link</a>
Rotterdam Maasvlakte	Rotterdam	<a href="#">link</a>
ECT Delta Terminal	Rotterdam	<a href="#">link</a>
Rotterdam RSC	Rotterdam	<a href="#">link</a>
Moerdijk	Rotterdam	<a href="#">link</a>
Kijfhoek	Rotterdam	link
Port of Vlissingen / Sloehaven	Vlissingen	<a href="#">link</a>
Rietlanden	Amsterdam	<a href="#">link</a>
